

GOURMET CHOCOLATE

PRODUCT DESCRIPTION

"Mayta is a Pre-Colombian word meaning 'unique'. We named our unique collection of impulse-buy gourmet coffees and chocolates, 'Mayta', because they provide a truly unique experience from Pre-Colombian, tropical South America. Mayta chocolate and coffee is made from rare single-source ingredients, 100% free from artificial additives and grown in carefully selected sustainable farms located in the tropical and sub-tropical microclimates. Beautiful and delicious, Mayta is ideal as a gift and for personal consumption."
